GOOSENECK MODELS

THE ORIGINAL...
*OFTEN IMITATED,
NEVER DUPLICATED.*

1987

The trademark Circle D aerodynamic nose still leads the way after more than 20 years. Our design set the standard for trailer production in 1987 and continues to exceed expectations today.

Present

Other trailers may look like a Circle D, but they can't match the quality built into every trailer we put on the road.
